

“Beat Plastic pollution“ is the theme of ‘World Environment Day’ 2019(5th June, 2019). To spread awareness for the protection of our environment, Tagore Senior Secondary School Management and staff members have taken an initiative to ban use of plastic in all forms in the school premises. We look forward for maximum support from our students to this global issue.

GREAT ACHIEVEMENT

Our Student **Ravi Garg S/O Mr. Krishan Garg** has made an App, AISMO, which has many features like attendance system, time –table management and many more.
